A COUNTRY CELEBRATION.
Special to The Constitution.
DOUGLASSVILLE, July 9.—Our people celebrated the fourth of Ferguson's mills. Mr. J. G. Camp, who manages our high school so ably and satisfactorily, was the orator of the day. He made a very eloquent speech, and it was highly appreciated by the large concourse of people present. He held his audience spellbound from the commencement to the close of his speech. Mr. Camp is one of the best orators of his age in this or any other state, and I bespeak for him a brilliant future. Our county is justly proud of him.

THE 12TH GEORGIA.
Special to The Constitution.
AMERICUS, July 9.—Some of the members of 12th Georgia regiment would like to have a reunion. After a lapse of fifteen years for the veterans of the gallant old 12th to meet and mingle together, would afford an enjoyable opportunity to the survivors to meet face to face the living representatives of a battle flag entitled to an inscription of some forty or fifty regular battles. Shall we not, brethren? What say you? When and where? As many of you are farmers, at Atlanta in August, during the session of the State Agricultural association, would be a suitable occasion, or at Macon or Americus would be more central. The 12th was composed of companies from Lowndes, Calhoun, Sumter, Dooly, Marion, Macon, Muscogee, Bibb, Jones, and Putnam counties. We would like to hear from our others.
J. A. Atsley, Americus, Ga.

The Hon. John L. Doyal claims to be the best fisherman in these parts, but he is closely pressed by Dave Stewart and Frank Kimble. Our peach crop was a failure, but the grapes are yet promising and if it rains soon we have still a chance for watermelons. We are all pleased with Governor McDaniel's message, and hope the measures indicated by it will be carried out. We would like to see the matter of good roads pushed forward until we have them available in winter, when most needed. Let us have a straight turnpike from Jonesboro to Atlanta, and not go the round about way of the railroad.

Efforts are being made to have a chapter lodge in Jonesboro. The town is looking up every way except, perhaps, religiously, but it is getting hot enough now to be suggestive to the lukewarm in that connection.

A small fire was caused in the store of I. Morrison, Broad street, Saturday night, by a gas meter catching from a match.

Saturday afternoon, during the thunder storm, lightning struck the residence of Mr. L. H. Burch on each corner, and ran out on a fence from the house. It burned Mrs. B. B. face, and frightened her very much. It was a narrow escape.

A MONSTER GATOR.
From the Bainbridge Democrat.
Mr. Reuben Cloud, who lived in the lower part of this county, and who is now the crack shot with the rifle, recently killed the largest alligator seen in this section in years. His gatorship had been deprecating for a long while upon the cattle and hogs of those farmers living in that part of the county. It was a fine specimen of the alligator, and had flattened against his adamantine skull, to no purpose. He had taken up his abode in a large deep lagoon in the marshy land at evening and in the early morning his bellows could be heard for miles. He was equaling in terrible force the roar of the lion. Learning his haunts—Mr. Cloud set to work to kill him, and one day recently he was powder-burned with shot and slug, with bullets, set forth to hunt him. He found him sunning on a log, and fearing that he would become alarmed shot him first about one hundred yards in the water, and then he was then drawn out, skinned and his head taken off for the tusks and teeth. The monster measured eleven feet and six inches from tip of nose to end of tail, and six feet and four inches from end of tail to tip of snout. He was then drawn out, skinned and his head taken off for the tusks and teeth. STANTON HOUSE.
It is closed by the Sheriff of Hamilton County for a Debt of \$900.
From the Chattanooga Times.
Mr. H. Ward, the well-known Fifth ward butcher, yesterday filed a bill of attachment in the chancery court against E. R. Warner, Fred Wolfe and wife and Otto Plock to collect a debt of \$907 by attaching the personal property at the Stanton house owned by Wolfe and Warner, and to foreclose a mortgage made by Wolfe and wife to Otto Plock, which was made to secure \$500,000 indebtedness. The attachment was served by Deputy Sheriff Stanley and Mr. Eugene Bates. A large portion of the furniture is exempt, being held by Mr. Warner as security for a debt of \$1,000. The officers attached the remaining portion of the furniture, the linen, liquors, stores, etc., but the levy was not sufficient to cover the indebtedness. The officers charged the balance of the debt to the property was relieved of the levy, so that the hotel could be continued last night. The omnibus did not go to the hotel, however, and no new guests were received. It is probable the hotel will be closed for some time.

BUSINESS RECORD OF BOTH HOUSES OF THE ASSEMBLY.

The Proceedings in the Senate: The Doing in the House: The Introduction of New Matter and the Passage of Bills on a Third Reading: The Reports of Committees: Points.

The senate met and was called to order by President Boynton at the usual hour. Prayer by Rev. M. B. Wharton. Roll call and journal of last day's proceedings read.

Senator Pault was granted leave of absence for the day on account of sickness.

The roll being called for the reading of bills the first time, Mr. Bush of the 8th offered the following: A bill to amend sections 1215 and 1235 of the revised code so far as relates to the manner of receiving pupils in the institutions for the blind, deaf and dumb. Referred to the committee on education.

By Mr. Morgan of the 19th—A bill to be entitled an act to amend section 4157 of the code prescribing the manner of making up juries in justice courts. Referred to special committee on judiciary.

By Mr. Smith of the 23d—A bill to alter and amend the laws of the state in regard to the reception of interrogatories and depositions, and to authorize their delivery to the clerks of the courts at any time, instead of only in open court as is now required by law. Referred to the judiciary committee.

By Mr. Tuttle of the 20th—A bill to allow pleas of total and partial consideration to be filed in certain cases. Referred to the judiciary committee.

Judge Wm. Gibson was invited to a seat on the floor.

The roll of new bills having been finished, Mr. Peoples of the 34th moved that a committee of three from the senate and five from the house be appointed to examine the business now on the calendar of both houses and report the business unacted upon and to fix the earliest time for adjournment.

Mr. Tuttle was opposed to the motion and thought the committee would have to go to a guessing school to come within two weeks of the time at this early stage of the proceedings.

Mr. Peoples waited the time fixed, so that the legislature would know exactly what business it had to attend to, and what time it had in which to do it, and by rapid transaction work up to it and finish at the end of the day. Mr. Tuttle did not think that any senator would want to stay here longer than possible at a per diem of four dollars, and did not think that the report of five men would make the body adjourn, if its business had not been finished. The motion was lost.

On the reading of bills for the third time the following dispositions were made:

A bill to amend section 1785 of the code in reference to the mode of adoption of children. Passed as amended by committee. Ayes 34; nays 0.

A bill to amend section 1936 of the code, as to privileges and liabilities of special partners in limited partnerships. Passed. Ayes 29; nays 0.

A bill to regulate the practice of medicine in the state. This bill evoked a spirited discussion, and was on motion of Mr. Tatum postponed indefinitely.

Mr. Tuttle, of the committee on railroads, submitted as a report of the committee that the committee had considered a bill to prevent the running of a train on the tracks on the Sabbath day, and recommended that it pass by substitute. The report of the committee was adopted and upon a second reading, the bill was passed to a third reading.

House bills of the third reading were called and the following read:

A bill to authorize the commissioners of roads and revenues of Taylor county to let out contracts for building public bridges without requiring bonds or securities from contractors. Recommended to judiciary committee.

A bill to be entitled an act to incorporate the town of Butler, in the county of Taylor, so as to authorize and empower the mayor and council of said town to issue its bonds and to make valid all its heretofore issued by order of said mayor and council. Recommended to committee on judiciary.

A bill to extend the jurisdiction of justices of the peace and notaries public, who are ex-officio justices of the peace, in Chatham county, in certain cases. This bill had been reported on adversely by the judiciary committee, and the report of the committee was sustained.

Mr. Jones, of the 43rd, introduced a bill to regulate practice in the superior court of this state, and for other purposes. Referred to judiciary committee.

On motion the senate adjourned.

The house met at nine o'clock and was called to order by the speaker. Prayer by the chaplain. The roll was called and the journal was read.

Mr. Bishop, of Dawson, moved to reconsider the bill to allow plea of failure of consideration in suits on notes for fertilizers which bill had failed by one vote on Saturday. The motion to reconsider prevailed.

Mr. Bishop moved to take the bill up for immediate consideration. After several motions by other members, which were cut off by a point of order made by Mr. Hoge, Mr. Bishop's motion required a three-fourths vote, and therefore failed. The vote was 94 yeas to 37 nays.

Mr. Roundtree offered a resolution to appoint a committee of twelve to attend the commencement of the State university. Adopted.

Five years ago I found my plantation a colored man who was badly diseased. He stated that five years before he had contracted a violent case of blood poisoning, and had been treated by many physicians, all failing to cure him. I treated him with the Mercurial Pills, and in a short time he was sound and well, and has not had a symptom of the disease since.

Rev. T. R. Kendall.

From the Thomaston Times.

On Sunday morning last the large and spacious chapel of the Rev. T. R. Kendall, which will seat about eight hundred people, was filled to its utmost capacity to hear the commencement sermon by the Rev. T. R. Kendall of Atlanta. This was the opening exercises of the commencement of this institution. Never did the birds sing sweeter, the sun shine brighter, the summer breeze come more splendidly, the people seem more cheerful and happy. The day was auspicious, the occasion was one in which all felt a deep interest. The sermon of the Rev. T. R. Kendall was a splendid one, full of logic and eloquence, and had the happy effect of putting every one in proper mood to enjoy the further exercises of the commencement. His discourse was highly creditable to himself and the institution, and is said to be one of the best ever delivered in Thomaston.

M'DONOUGH STREET LOTS

ON THE NORTHWEST CORNER OF CLARKE street, and adjoining the elegant residence of Dr. H. H. Tucker and in close proximity to those of Hon. Henry Hillier, Col. W. H. Weems, Dr. J. W. Benkin, Hon. D. A. Beale, Col. B. F. Wray, Major John A. Fitten, Hon. Emory Speer, Mr. F. S. Lewis and others, making this decidedly one of the most choice pieces of residence property in Atlanta.

The thorough macadamizing of this beautiful street will be completed in a month, making it a fine drive. The position is elevated and overlooks the greater part of the city and is particularly desirable from the healthy location. This property is of easy access to all parts of the city, the street cars passing in front of it, each way, every fifteen minutes. There will, no doubt, soon be erected on the City Hall square, at the north end of McDonough street, a magnificent capitol worthy of the Empire state, adding greatly to the beauty and value of all property on this street. The crew street Grammar School is but one block west and the Episcopal, Baptist, Presbyterian and Catholic churches, the City Hall and the girls and boys' High School are not more than four blocks away. Two of the lots front, each, 50 feet on McDonough street, extending back west 150 feet to an alley, the other lot fronts 50 feet on Clarke street extending back north 100 feet. Titles perfect; terms one-half cash, balance in 6 and 12 months with 8 per cent interest.
